**COMMUNICATIONS OF INTERNAL CONTROL ISSUES AND OTHER  
AUDIT MATTERSTO THE BOARD OF COUNTY COMMISSIONERS**

The Board of County Commissioners  
Crawford County, Kansas  
Girard, Kansas 66743

**INTERNAL CONTROL ISSUES**

We have audited the regulatory basis financial statements of Crawford County, Kansas for the year ended December 31, 2014. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our Contract for Auditing Services to you dated September 24, 2014. Professional standards also require that we communicate to you the following information related to our audit

**INTERNAL CONTROL ISSUES**

In planning and performing our audit of the financial statement of the Crawford County, Kansas, as of and for the year ended December 31, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered the County's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as described above.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the County's internal control to be a significant deficiency.

#### PREPARATION OF FINANCIAL STATEMENTS

It is the responsibility of management of the County to prepare the County's financial statements and the related notes to the financial statements. It is not uncommon for our firm to assist entities in the preparation of their financial statements. We often prepare significant adjustments as well as assist the County to determine which disclosures are required. As is the case with many entities of your size, your accounting staff does not have the skills and training necessary to prepare a complete set of financial statements, including footnote disclosures, in accordance with the statutory basis of accounting. Under new revised professional standards, we are still allowed to perform these services as part of our audit. However, we are required to report this as a material weakness in internal control.

It is important to note that relying on us, as your auditor, to identify material misstatements in your financial statements and correct them before the audited financial statements are issued, does not eliminate a significant deficiency or material weakness. Simply stated, if you are unable to prepare the financial statements and all the required disclosures without auditor assistance we are required to report this under our professional standards.

#### OTHER INTERNAL CONTROL ISSUES

##### ROTATION OF DUTIES

A comment regarding rotation of duties should be made which covers all offices. Whenever an office has more than one full-time employee, the jobs of the office should occasionally be rotated between employees. This is especially important whenever there is a situation where one person is or can be involved in all aspects of the accounting cycle including the billing to customers for sales of items, maintenance of accounting records, and receipt of cash. Some rotation of duties naturally occurs in an office when employees are on vacation or are sick. We would recommend that jobs be rotated for at least one month in order to insure that the employee performing the new job discovers any potential problems.

#### OTHER REQUIRED COMMUNICATIONS

##### SIGNIFICANT AUDIT FINDINGS

###### Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the County are described in Note 1 to the audited financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The County's financial statements are prepared on the regulatory basis of accounting.

There are no estimates in the County's financial statements inasmuch as revenues are recorded when cash is actually received and expenses are recorded when paid in cash and include accounts payable for goods or services received but not paid for until after the current year end encumbrances.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There are no sensitive disclosures in these financial statements.

#### Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Included with this report are the Adjusting Journal Entries we posted in connection with the audit. We posted a few adjustments as shown in the attached report. These adjustments do not need to be posted to the County's accounting records.

#### Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

#### Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 30, 2015.

#### Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

**INDEPENDENT AUDITORS' REPORT**

Board of County Commissioners  
Crawford County Courthouse  
Girard, Kansas 66743

We have audited the accompanying summary statement of receipts, expenditures, and unencumbered cash balance, regulatory basis, of Crawford County, Kansas as of and for the year ended December 31, 2014 and the related notes to the financial statement.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 to meet the financial reporting requirements of the State of Kansas. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Kansas Municipal Audit and Accounting Guide*. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1 of the financial statement, the financial statement is prepared by Crawford County, Kansas to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Crawford County, Kansas as of December 31, 2014 or changes in financial position or cash flows thereof for the year then ended.

### **Unqualified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance for Crawford County, Kansas as of December 31, 2014, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note 1.

### **Report on Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the Summary Statement of Receipts, Expenditures, and Unencumbered Cash Balance, Regulatory Basis (basic financial statement) as a whole. The Summary of Expenditures – Actual and Budget, Regulatory Basis; Schedules of Receipts and Expenditures – Actual and Budget, Regulatory Basis; the Schedule of Receipts and Disbursements, Agency Funds, Regulatory Basis; and the Schedule of Expenditure of Federal Awards (Schedules 1, 2, 3, and the Federal Compliance Section as listed in the table of contents) is presented for analysis and is not a required part of the basic financial statement, however is required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide, and for purposes of additional analysis is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2015, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

# CRAWFORD COUNTY, KANSAS

Notes to the Financial Statement  
For the Year Ended December 31, 2014

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This financial statement of Crawford County, Kansas, has been prepared in accordance with the State of Kansas regulatory basis of accounting for Kansas Municipalities, and is designed to show compliance with the cash basis and budget laws of the State of Kansas. The Kansas Municipal Audit and Accounting Guide (KMAAG), as approved by the director of the Kansas Division of Accounts and Reports, establishes the guidelines for the regulatory basis of accounting in the state of Kansas. Note 1 also describes how the County's accounting policies differ from U.S. generally accepted accounting policies.

### Reporting Entity

Crawford County, Kansas (the "County") is a municipal corporation governed by an elected three-member commission. Major services provided by the County include General Government, Public Works/Highways, Public Safety/Sheriff/Court System, Sanitation, Health and Social Services, Culture and Recreation, Public Improvements, and Planning and Zoning. This regulatory financial statement presents Crawford County (the municipality) and related municipal entities. The following are related municipal entities that could be included in the county's reporting entity because they were established to benefit the county and/or its constituents.

- Crawford County Law Library - The Law Library is fiscally independent of the County. It is required by statute to be audited as part of the County Audit. The Law Library is housed in county offices, but is operated independent of the County's governing body. Separate financial statements are not issued for the Law Library.
- Southeast Kansas Regional Planning Commission (the Commission): The Commission is composed of 12 counties and is governed by a board composed of one member from each of the twelve participating counties. The County is a member of the Commission.
- Southeast Kansas SEK Juvenile Detention Center, Inc (the "Center"): The Center is composed of 11 counties and is governed by a board composed of one member from each of the eleven participating counties. The County is a member of the Commission.
- The Crawford County Housing Authority (the "Authority"): was created by resolution on June 28, 1994. The Authority has the power to plan, construct, maintain and operate low income housing projects in the county and all other powers conferred on the County by the Municipal Housing Law, except the powers to execute contracts with any agency of the Government, borrow money, issue bonds, and acquire or dispose of real property. The Authority is governed by a five-member board consisting of the County Commissioners and two citizens. The activity of the Authority has been excluded from the reporting entity.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Reporting Entity (Continued)

- Rural Fire District Numbers 1, 2, 3 and 4 - The Fire Districts provide fire control services to a portion of the County. All Board members are appointed by the County. Bookkeeping services are provided by the County free of charge. All bills are reviewed and approved by the County Commissioners.
- Sewer Districts Number 1, 2, 3, 4 and 5 - The Sewer Districts were created to build and operate sewage disposal systems in portions of the County. General Obligation Bonds were issued in the name of the County to pay for constructing the disposal system. The District assesses fees and pays for maintenance and the debt service on the bonds issued to build the disposal system. Bookkeeping services are provided by the County free of charge. All bills are reviewed and approved by the County Commissioners.
- Southridge Paving District - This is a special district organized to pay for street improvements within the District. The District operates under the same statute and in the same manner as the Sewer Districts.

There are no other related municipal entities that should be considered for inclusion in the County's financial statement.

The County has elected to include the Crawford County Law Library, Rural Fire Districts #1, 2, 3 and 4, Sewer Districts #1, 2, 3, 4 and 5 and Southridge Paving District in the financial statement of the County.

Basis of Presentation - Fund Accounting

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restriction, or limitations.

The following types of funds comprise the financial activities of Crawford County, Kansas:

- General fund - the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.
- Special Purpose fund - used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.
- Bond and Interest fund - used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.
- Trust fund - funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).
- Agency fund - funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Regulatory Basis of Accounting and Departures from Accounting Principles Generally Accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the County to use the regulatory basis of accounting.

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1<sup>st</sup>.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5<sup>th</sup>.
3. Public hearing on or before August 15<sup>th</sup>, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25<sup>th</sup>.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. The Employee Benefit, Tourism and Convention, and Road and Bridge Funds were amended as shown in Note 11.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)  
**Budgetary Information** (Continued)

All legal annual operating budgets are prepared using the regulatory basis of accounting in which revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unencumbered appropriations (legal budgeted expenditure authority) lapse at year-end.

A legal operating budget is not required for capital project funds, trust funds, and federal and state grants. Spending in funds, which are not subject to the legal annual operating budget requirement, are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

**Qualifying Budget Credits**

Expenditures in various funds include expenditures not subject to the budget laws of the State of Kansas, which include reimbursed expenses and grant expenditures.

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statements meet the following criteria: 1) the related disbursement was made in the current year on behalf of the payee, 2) the item paid for was directly identifiable as having been used by or provided to the payee, and 3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

Expenditures in the General Fund include expenditures in connection with grants received by the County. These are reimbursement type grants whereby grant money is received to reimburse the County for actual grant expenditures paid. These expenditures are similar to reimbursed expenses as discussed in the preceding paragraph.

**Cash and Investments**

Cash includes amounts in demand and time deposit checking accounts. The Statutes of the State of Kansas allow Kansas municipalities to invest in savings accounts, certificates of deposit, no fund warrants, temporary notes, repurchase agreements, the Kansas Municipal Investment Pool, and United States Government obligations. As of and during the year ended December 31, 2014, the County's funds were invested in interest bearing money market checking accounts and certificates of deposit, which are acceptable investments in accordance with Kansas Statutes.

**Compensated Absences**

The County's policies regarding vacation and sick pay permit full-time employees to accumulate vacation days with a maximum accumulation of no more than 30 days. Upon termination of employment, employees will be compensated for all accumulated unused vacation leave. At December 31, 2014, the estimated value of accumulated vacation was \$639,959.

Sick leave may be accumulated not to exceed 20 days. Any accumulated sick leave in excess of 20 days will be credited to a Major Medical Leave account for the employee. No employee may accumulate more than 120 days of Major Medical Leave. Employees are not paid for any unused sick leave or Major Medical Leave upon termination of employment. At the end of the year the estimated value of accumulated sick leave and Major Medical Leave was \$557,809 and \$1,339,376.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

The County has established a voluntary sick leave pool. Members must donate two (2) days of sick leave per year, until such time that the pool reaches 400 days. Members must agree to donate additional sick leave days if requested. After the year in which 400 or more days are accumulated, donations to the pool will cease (except for the required donation by new members entering or reentering the pool). The days in the pool are allowed based on a decision of a three-member board. The amount of liability to the county is contingent upon eligible employees becoming sick and the wage rate of the person using the sick leave pool and, accordingly, has not been determined as of the end of the year.

The County determines a liability for compensated absences which meet the following criteria:

1. The County's obligation relating to employee's rights to receive compensation for future absences is attributable to employees' services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated and is material.

In accordance with this criteria, the County determined a liability for compensated absences and vacation pay, which has been earned but not taken by County employees. The liability is recorded as a general long-term obligation of the County, inasmuch as it is anticipated that none of the liability will be paid from current financial resources.

**Pension Plan**

Substantially all full-time County employees are members of the State of Kansas Public Employees Retirement System, which is a multi-employer statewide pension plan. The County's policy is to fund all pension costs incurred; such costs to be funded are actually determined annually by the State.

**Termination and Post Employment Benefits**

No termination benefits are provided to County employees when employment with the County ends except for the accrued compensated absences as discussed in Note 1.

As provided by K.S.A. 12-5040, the County allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the County under this program.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Sales Taxes

The County levies a one percent (1%) sales tax on taxable sales within the County. The tax is collected by the Kansas Department of Revenue and remitted to the County. The tax is placed in the general fund to provide services.

Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County.

Property owners have the option of paying one-half or the full amount of taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for revenue recognition purposes, taxes levied during the current year are not due and receivable until the ensuing year. At December 31 such taxes are a lien on the property.

Payments by the State of Kansas

The State of Kansas makes payments directly to the judges and employees of the circuit courts in Crawford County for salaries and fringe benefits. Crawford County is not liable for these payments. The total amount of these on-behalf payments was not available and is unable to be estimated.

2. **STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

Compliance with Kansas Statutes

This financial statement and the regulatory-required supplementary information is designed to show compliance with the cash basis and budget laws of Kansas. The County was in apparent compliance with these laws except as follows:

- Expenditures exceeded the budget in the Fire District #4 Fund in apparent violation of K.S.A. 79-2935.

3. **CASH, INVESTMENTS AND DEPOSITS WITH FINANCIAL INSTITUTIONS**

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the county in which the Government is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The Government has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the Government's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The Government has no investment policy that would further limit its investment choices, but has limited the investments to time deposits at local banks.

3. **CASH, INVESTMENTS AND DEPOSITS WITH FINANCIAL INSTITUTIONS**  
(Continued)

*Concentration of credit risk.* State statutes place no limit on the amount the Government may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The County has deposits at nine separate financial institutions.

*Custodial credit risk – deposits.* Custodial credit risk is the risk that in the event of a bank failure, the Government's deposits may not be returned to it. State statutes require the Government's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The County does not have any "peak periods" designated.

At December 31, 2014 the County's carrying amount of deposits was \$23,135,601.63 and the bank balance was \$23,487,868.32. Of the bank balance, \$2,238,225.35 was covered by federal depository insurance and \$21,249,642.97 was covered by pledged securities totaling \$22,428,311.30, held in safekeeping in the trust departments of separate banks.

4. **DEFINED BENEFIT PENSION PLAN**

Plan Description

The County participates in the Kansas Public Employees Retirement System ("KPERs"), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, *et seq.* KPERs provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERs issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERs (611 S. Kansas, Suite 100; Topeka, Kansas 66603) or by calling 1-888-275-5737.

Funding Policy

K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERs member-employee contribution rates. Effective July 1, 2009 KPERs has two benefit structures and funding depends on whether the employee is a Tier 1 or Tier 2 member. Tier 1 members are active and contributing members hired before July 1, 2009. Tier 2 members were first employed in a covered position on or after July 1, 2009. Kansas law establishes the KPERs member-employee contribution rate at 4% of covered salary for Tier 1 members and at 6% of covered salary for Tier 2 members. Kansas law provides that employer contribution rates be determined annually based on the results of an annual actuarial valuation. KPERs is funded on an actuarial reserve basis. KPERs is funded on an actuarial reserve basis. Kansas law sets a limitation on annual increases in the employer contribution rates.

Net Pension Liability. The total pension liability for KPERs was determined by an actuarial valuation as of December 31, 2013, which was rolled forward to June 30, 2014. As of June 30, 2014 the net pension liability for KPERs was \$8,291,794,910. KPERs has not determined the County's proportionate share of the net pension liability as of June 30, 2014. The complete actuarial valuation report including all actuarial assumptions and methods is publically available on the website at [www.kpers.org](http://www.kpers.org) or can be obtained as described in the first paragraph above.

5. **SPECIAL TERMINATION BENEFITS**

The County has adopted an early retirement program for eligible employees. The program was offered on a voluntary basis. As compensation for accepting early retirement, the County will pay the cost maintaining the employee's current level of health insurance until the employee reaches the age of 65. The County intends to fund these benefits on a pay-as-go basis. The total amount of benefits paid during the year was approximately \$222,656. The estimated liability for those employees electing to participate in the program at December 31, 2014 is \$639,142.

6. **RISK MANAGEMENT**

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees' health and life; and natural disasters. The City manages these risks of loss through various insurance policies. There have been no significant reductions in insurance coverage. Settlements have not exceeded insurance coverage for the current or three prior years.

**Internal Service Fund – Risk Management**

Resolution 97-102 approved by the Board of County Commissioners authorized the creation of a Risk Management Fund to implement a self-funded health insurance program with Blue Cross/Blue Shield of Kansas pursuant to K.S.A. 12-105b(f).

This resolution provides for the following:

1. The County Clerk and County Treasurer are authorized and directed to set aside an amount sufficient to pay all health insurance claims for the County for a given month in the County Risk Management Fund Account, solely for the purpose of paying health insurance claims. Such claims shall be submitted to the administrative officer of Crawford County's health insurance plan as required by K.S.A. 12-105b(f).
2. The County Treasurer is hereby authorized and directed to deposit from time to time into said County Risk Management Fund Account warrants or warrant checks issued from various accounts of the County to the County Risk Management Fund Account for the sole purpose of paying the County's health insurance claims for each month. The County Treasurer shall comply fully with the provisions of K.S.A. 10-805.
3. The County Clerk shall authorize payment from the County Risk Management Fund Account by a County Clerk's Order. Such Warrants or Warrant checks shall be signed by the County Treasurer and countersigned by the County Clerk and the Chairman of the Board of County Commissioners.

The agreement with Blue Cross/Blue Shield (the "Company) provides for a self insured medical program with a combined individual and aggregate stop-loss provision.

The Company accepts the full responsibility for the Benefits and administrative expenses which are in excess of the Combined Individual and Aggregate Stop-Loss Provision for the remainder of the that Contract Year. The Company has no liability under this Contract until the Contract Holder's liability has been terminated by the Combined Individual and Aggregate Stop Loss Provision.

6. **RISK MANAGEMENT** (Continued)  
**Internal Service Fund – Risk Management** (Continued)

Combined Individual and Aggregate Stop-Loss Provision mean:

1. Individual insured: The paid Claims Expense for Benefits in excess of \$50,000 for an insured in a contract year and the Administrative Fee of the Contract Holder's Administrative Services Agreement associated with the Incurred Claims Expense in excess of the stated dollar amount.
2. Aggregate: The paid claims expense in excess of 120% of the expected paid claims expense and the administrative fee of the contract holder's administrative services agreement associated with the paid claims expense in excess of the stated percent.

7. **CONTINGENCIES**

Grants are subject to additional audits by regulatory agents, the purpose of which is to ensure compliance with the specific conditions of the grants. Any liability for reimbursement which may arise as a result of the audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material and would not be payable by the County.

8. **LITIGATION**

The County is party to various legal proceedings which normally occur in governmental operations. While the outcome of such proceedings cannot be predicted, due to insurance maintained by the County, the County feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the County.

9. **MUNICIPAL SOLID WASTE LANDFILL CLOSURE AND POST CLOSURE COSTS**

In March 1993 the Crawford County, Kansas (the "County") entered into a contract with Deffenbaugh Industries, Inc. (the "Company") to operate the Municipal Solid Waste Landfill (the "Landfill") owned and previously operated by the County.

In October 1993 a second landfill operating agreement was signed with the Company allowing them to continue operating the Landfill until July 9, 1994 after which time the Company's landfill (the "Company landfill") would begin operating and the County's landfill would be closed.

The Company has agreed to be responsible for any and all closure and post-closure monitoring costs of the County's landfill.

On August 1, 1996 USA Waste Services of Kansas, Inc. agreed to honor this contract with the subsequent agreement to assume operations from Deffenbaugh Industries, Inc.

10. **INTERFUND TRANSFERS**

Transfers during the year and the related statutory authority were as follows:

<u>From-Fund</u>	<u>To-Fund</u>	<u>Statutory Authority</u>	<u>Amount</u>
Road & Bridge	Equipment Reserve	12-1, 117	\$ -
Register of Deeds Tech	Land Records Technology	19, 119	1,047.69

**11. BUDGET AMENDMENTS**

The budgets for the following funds were amended:

**12. SUBSEQUENT EVENTS**

Management has evaluated events and transactions occurring subsequent to December 31, 2014 through September 30, 2015, the date of the financial statements were available for issue. During this period, there were no subsequent events requiring recognition in the financial statements or disclosure in the notes to the financial statements.

**13. LONG-TERM OBLIGATIONS**

Additional details about the County's long-term obligations, changes in long term debt, and current maturities for the next five years and thereafter are recorded on the following two pages:

13. **LONG TERM OBLIGATIONS** (Continued)

Notes to the Schedule of Expenditures of Federal Awards

Receipts and expenditures in this schedule are recorded using the regulatory basis of accounting, which is the same method of accounting used in the basic financial statements. Receipts are recorded when the cash is received and not when earned. Expenditures are recorded when the cash is paid and includes payables as well as encumbrances.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY OMB CIRCULAR A-133**

Board of County Commissioners  
Crawford County Courthouse  
Girard, Kansas 66056

**Report on Compliance for Each Major Federal Program**

We have audited Crawford County, Kansas' compliance with the types of compliance requirements described in the *OMB Circular A-133* that could have a direct and material effect on each of Crawford County, Kansas' major federal programs for the year ended December 31, 2014. Crawford County, Kansas' major federal programs are identified in the Summary of Auditor's Results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

**Auditors' Responsibilities**

Our responsibility is to express an opinion on compliance for each of Crawford County, Kansas' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Crawford County, Kansas' compliance.

### **Opinion on Each Major Federal Program**

In our opinion, the Crawford County, Kansas, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014.

### **Report on Internal Control Over Compliance**

Management of Crawford County, Kansas is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of County Commissioners  
Crawford County Courthouse  
Girard, Kansas 66056

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States the financial statement of the Crawford County, Kansas, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Crawford County, Kansas' basic financial statement, and have issued our report thereon dated September 30, 2015.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statement, we considered Crawford County, Kansas' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of Crawford County, Kansas' internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis. *A significant deficiency*, is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a deficiency in internal control (2014-001), described in the accompanying schedule of findings and questioned costs that we consider to be a significant deficiency.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Crawford County, Kansas' financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **The County's Response to Findings**

The County's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Schedule of Findings and Questioned Costs  
For the Year Ended December 31, 2014

**SUMMARY OF AUDITORS' RESULTS**

1. The auditors' report was adverse for departures from accounting principles generally accepted in the United State of America due to the preparation of the financial statements in accordance with the Kansas regulatory basis of accounting. An unqualified opinion on the regulatory basis of accounting financial statement of the government was issued.
2. One significant deficiency in internal controls was identified during the audit of the financial statements and is reported in the "Independent Auditors Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*". The condition is not considered to be a material weakness.
3. No instances of noncompliance material to the financial statements of Crawford County, Kansas were disclosed during the audit.
4. There were no reportable conditions in internal control over major Federal award programs disclosed during the audit.
5. The auditors report on compliance for the major Federal award programs for Crawford County, Kansas expresses an unqualified opinion on all major Federal programs.
6. Audit findings that are required to be reported in accordance with Section 510(a) OMB Circular A-133 are reported in this schedule.
7. The programs tested as major programs included the following:

<u>CFDA #</u>	<u>NAME OF PROGRAM</u>
10.557	Department of Health and Environment – Special Supplemental Nutrition Program for Women
93.283	Early Detection Grant

8. The threshold for distinguishing types A and B programs was \$300,000.
9. Crawford County, Kansas was not determined to be a low-risk auditee.

## **FINDINGS – FINANCIAL STATEMENTS AUDIT**

### **2014–001 Preparation of Financial Statements**

Criteria: It is the County's responsibility to prepare the annual financial statements including all statements, schedules, and footnotes.

Condition: Although the County maintains the accounting records, the County has relied upon assistance from the auditors to prepare the financial statements and footnotes.

Effect: Significant information included in the financial statements is not determined until after the financial statements have been prepared with the assistance of the auditor.

Causes: A limited number of employees with the appropriate technical skills are available to prepare the financial statements.

Recommendation: The County should consider providing training to certain employees to prepare the financial statements.

Management Response: The County has always relied upon its auditors to provide significant assistance with adjusting entries and with determining which disclosures were required under generally accepted accounting principles and the statutory basis of accounting. While the County understands that this is a significant deficiency in our internal controls, we believe it is the most cost effective manner for us to produce our financial statements. Our accounting staff concentrate on providing the reports needed for management purposes and compliance with Kansas statutes. We believe it would be inefficient and cost prohibitive for our staff to attempt to stay current on the requirements of GAAP and the statutory basis of accounting. We do not plan on making any changes at this time. However, we will monitor this situation and periodically determine if it is cost effective for us to perform these functions.

## **MATERIAL WEAKNESSES IN INTERNAL CONTROLS OVER FINANCIAL REPORTING**

None reported

## **FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS**

None reported.

**CRAWFORD COUNTY, KANSAS**

**Summary Schedule of Prior Audit Findings  
For the Fiscal Year Ended December 31, 2014**

No audit findings relative to the federal award programs.
