COMMUNICATIONS OF INTERNAL CONTROL ISSUES AND OTHER AUDIT MATTERS TO THE BOARD OF COUNTY COMMISSIONERS

The Board of County Commissioners
Crawford County, Kansas
Girard, Kansas 66743

INTERNAL CONTROL ISSUES

We have audited the regulatory basis financial statements of Crawford County, Kansas for the year ended December 31, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our Contract for Auditing Services to you dated June 9, 2022. Professional standards also require that we communicate to you the following information related to our audit

INTERNAL CONTROL ISSUES

In planning and performing our audit of the financial statement of the Crawford County, Kansas, as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the County's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

OTHER INTERNAL CONTROL ISSUES

ROTATION OF DUTIES

A comment regarding rotation of duties should be made which covers all offices. Whenever an office has more than one full-time employee, the jobs of the office should occasionally be rotated between employees. This is especially important whenever there is a situation where one person is or can be involved in all aspects of the accounting cycle including the billing to customers for sales of items, maintenance of accounting records, and receipt of cash. Some rotation of duties naturally occurs in an office when employees are on vacation or are sick. We would recommend that jobs be rotated for at least one month in order to insure that the employee performing the new job discovers any potential problems.

OTHER REQUIRED COMMUNICATIONS

SIGNIFICANT AUDIT FINDINGS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the County are described in Note 1 to the audited financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The County's financial statements are prepared on the regulatory basis of accounting.

There are no estimates in the County's financial statements inasmuch as revenues are recorded when cash is actually received and expenses are recorded when paid in cash and include accounts payable for goods or services received but not paid for until after the current year end encumbrances.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There are no sensitive disclosures in these financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Included with this report are the Adjusting Journal Entries we posted in connection with the audit. We posted a few adjustments as shown in the attached report. These adjustments do not need to be posted to the County's accounting records.

INDEPENDENT AUDITORS' REPORT

Board of County Commissioners
Crawford County Courthouse
Girard, Kansas 66743

Adverse and Unmodified Opinions

We have audited the accompanying Summary Statement of Receipts, Expenditures, and Unencumbered Cash, Regulatory Basis, of the Crawford County (County), Kansas as of and for the year ended December 31, 2021 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the County as of December 31, 2021 or changes in financial positions and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Crawford County as of December 31, 2021 and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1 of the financial statement, the financial statement is prepared by the County on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 to meet the financial reporting requirements of the State of Kansas. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood

Auditor's Responsibilities for the Audit of the Financial Statement (Continued)

that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the Summary Statement of Receipts, Expenditures, and Unencumbered Cash Balance, Regulatory Basis (basic financial statement) as a whole. The Summary of Expenditures – Actual and Budget, Regulatory Basis; Schedules of Receipts and Expenditures – Actual and Budget, Regulatory Basis; the Schedule of Receipts and Disbursements, Agency Funds, Regulatory Basis; and the Schedule of Expenditure of Federal Awards (Schedules 1, 2, 3, and the Federal Compliance Section as listed in the table of contents) is presented for analysis and is not a required part of the basic financial statement, however is required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide, and for purposes of additional analysis is required by Title 2 U.S. *Code of Federal Regulations*(CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 22, 2022, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Prior Year Comparative Numbers

The 2020 actual column presented in the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances and the individual fund schedules of regulatory basis receipts and expenditures – actual and budget (the financial statement and Schedule 2 as listed in the table of contents), are also presented for comparative analysis and was not a required part of the 2020 financial statement upon which we rendered an unqualified opinion dated August 4, 2021. The 2020 financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link <http://admin.ks.gov/offices/chief-financial-officer/municipal-services>. Such 2020 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 basic financial statement. The 2020 comparative information was subjected to the auditing procedures applied in the audit of the 2020 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 basic financial statement or to the 2020 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the 2020 comparative information is fairly stated in all material respects in relation to the 2020 basic financial statement as a whole, on the basis of accounting described in Note 1.

CRAWFORD COUNTY, KANSAS

Notes to the Financial Statement
For the Year Ended December 31, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This financial statement of Crawford County, Kansas, has been prepared in accordance with the State of Kansas regulatory basis of accounting for Kansas Municipalities, and is designed to show compliance with the cash basis and budget laws of the State of Kansas. The Kansas Municipal Audit and Accounting Guide (KMAAG), as approved by the director of the Kansas Division of Accounts and Reports, establishes the guidelines for the regulatory basis of accounting in the state of Kansas. Note 1 also describes how the County's accounting policies differ from U.S. generally accepted accounting policies.

Reporting Entity

Crawford County, Kansas (the "County") is a municipal corporation governed by an elected three-member commission. Major services provided by the County include General Government, Public Works/Highways, Public Safety/Sheriff/Court System, Sanitation, Health and Social Services, Culture and Recreation, Public Improvements, and Planning and Zoning. This regulatory financial statement presents Crawford County (the municipality) and related municipal entities. The following are related municipal entities that could be included in the county's reporting entity because they were established to benefit the county and/or its constituents.

- Crawford County Law Library - The Law Library is fiscally independent of the County. It is required by statute to be audited as part of the County Audit. The Law Library is housed in county offices, but is operated independent of the County's governing body. Separate financial statements are not issued for the Law Library.
- Southeast Kansas Regional Planning Commission (the Commission): The Commission is composed of 12 counties and is governed by a board composed of one member from each of the twelve participating counties. The County is a member of the Commission.
- Southeast Kansas SEK Juvenile Detention Center, Inc (the "Center"): The Center is composed of 11 counties and is governed by a board composed of one member from each of the eleven participating counties. The County is a member of the Commission.
- The Crawford County Housing Authority (the "Authority"): was created by resolution on June 28, 1994. The Authority has the power to plan, construct, maintain and operate low income housing projects in the county and all other powers conferred on the County by the Municipal Housing Law, except the powers to execute contracts with any agency of the Government, borrow money, issue bonds, and acquire or dispose of real property. The Authority is governed by a five-member board consisting of the County Commissioners and two citizens. The activity of the Authority has been excluded from the reporting entity.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)
Reporting Entity (Continued)

- Community Mental Health Center of Crawford County (CMHCCC): The CMHCCC is a separate municipal entity established under Kansas statutes to provide mental health services for Crawford County, and has its own governing board. The county has elected to omit the financial activity for the CMHCCC from the reporting entity.
- Rural Fire District Numbers 1, 2, 3 and 4 - The Fire Districts provide fire control services to a portion of the County. All Board members are appointed by the County. Bookkeeping services are provided by the County free of charge. All bills are reviewed and approved by the County Commissioners.
- Sewer Districts Number 1, 2, 3, 4 and 5 - The Sewer Districts were created to build and operate sewage disposal systems in portions of the County. General Obligation Bonds were issued in the name of the County to pay for constructing the disposal system. The District assesses fees and pays for maintenance and the debt service on the bonds issued to build the disposal system. Bookkeeping services are provided by the County free of charge. All bills are reviewed and approved by the County Commissioners.
- Southridge Paving District – This is a special district organized to pay for street improvements within the District. The District operates under the same statute and in the same manner as the Sewer Districts.
- Deer Creek Paving District – This is a special district organized to pay for street improvements within the District. The District operates under the same statute and in the same manner as the Sewer Districts.

There are no other related municipal entities that should be considered for inclusion in the County's financial statement.

The County has elected to include the Crawford County Law Library, Rural Fire Districts #1, 2, 3 and 4, Sewer Districts #1, 2, 3, 4, 5, Southridge Paving District and Deer Creek Paving District in the financial statement of the County.

Basis of Presentation - Fund Accounting

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restriction, or limitations.

The following types of funds comprise the financial activities of Crawford County, Kansas:

- General fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.
- Special Purpose fund – used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.
- Bond and Interest fund – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)
Basis of Presentation - Fund Accounting (Continued)

- Trust fund – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).
- Agency fund – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

Regulatory Basis of Accounting and Departures from Accounting Principles Generally Accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the County to use the regulatory basis of accounting.

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

If the municipality is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The municipality did hold a revenue neutral rate hearing this year for the 2022 budget.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. Six funds were amended as shown in Note 11.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)
Budgetary Information (Continued)

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting in which revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unencumbered appropriations (legal budgeted expenditure authority) lapse at year-end.

A legal operating budget is not required for capital project funds, trust funds, and federal and state grants. Spending in funds, which are not subject to the legal annual operating budget requirement, are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Qualifying Budget Credits

Expenditures in various funds include expenditures not subject to the budget laws of the State of Kansas, which include reimbursed expenses and grant expenditures.

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statements meet the following criteria: 1) the related disbursement was made in the current year on behalf of the payee, 2) the item paid for was directly identifiable as having been used by or provided to the payee, and 3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

Expenditures in the General Fund include expenditures in connection with grants received by the County. These are reimbursement type grants whereby grant money is received to reimburse the County for actual grant expenditures paid. These expenditures are similar to reimbursed expenses as discussed in the preceding paragraph.

Cash and Investments

Cash includes amounts in demand and time deposit checking accounts. The Statutes of the State of Kansas allow Kansas municipalities to invest in savings accounts, certificates of deposit, no fund warrants, temporary notes, repurchase agreements, the Kansas Municipal Investment Pool, and United States Government obligations. As of and during the year ended December 31, the County's funds were invested in interest bearing money market checking accounts and certificates of deposit, which are acceptable investments in accordance with Kansas Statutes.

Compensated Absences

Full time County employees earn from 1 to 1 ½ days of paid vacation per month, depending on years of employment with the County. Vacation days may be accumulated from 24 to 30 days, depending on years of employment. Days earned but unused after 30 days are forfeited. The estimated accumulated vacation totaled \$526,700 at year end.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)
Compensated Absences (Continued)

Full time employees earn one day of sick leave for each month worked. Up to 140 sick days may be accumulated after which sick days earned are forfeited. An employee in good standing who voluntarily leaves county employment will be paid up to 50% of accumulated sick days up to a maximum of 70 days. The estimated sick leave totaled \$939,521 at year end.

The County determines a liability for compensated absences which meet the following criteria:

1. The County's obligation relating to employee's rights to receive compensation for future absences is attributable to employees' services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated and is material.

In accordance with this criteria, the County determined a liability for compensated absences consisting of vacation and sick pay, which has been earned but not taken by County employees. The liability is recorded as a general long-term obligation of the County, inasmuch as it is anticipated that none of the liability will be paid from current financial resources.

Pension Plan

Substantially all full-time County employees are members of the State of Kansas Public Employees Retirement System, which is a multi-employer statewide pension plan. The County's policy is to fund all pension costs incurred; such costs to be funded are actually determined annually by the State.

Termination and Post Employment Benefits

No termination benefits are provided to County employees when employment with the County ends except for the accrued compensated absences as discussed in Note 1.

As provided by K.S.A. 12-5040, the County allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the County under this program.

Sales Taxes

The County levies a one percent (1%) sales tax on taxable sales within the County. The tax is collected by the Kansas Department of Revenue and remitted to the County. The tax is placed in the general fund to provide services.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County.

Property owners have the option of paying one-half or the full amount of taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for revenue recognition purposes, taxes levied during the current year are not due and receivable until the ensuing year. At December 31 such taxes are a lien on the property.

Payments by the State of Kansas

The State of Kansas makes payments directly to the judges and employees of the circuit courts in Crawford County for salaries and fringe benefits. Crawford County is not liable for these payments. The total amount of these on-behalf payments was not available and is unable to be estimated.

2. **STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

Compliance with Kansas Statutes

This financial statement and the regulatory-required supplementary information is designed to show compliance with the cash basis and budget laws of Kansas. The County was in apparent compliance with these laws

3. **CASH, INVESTMENTS AND DEPOSITS WITH FINANCIAL INSTITUTIONS**

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the county in which the Government is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The Government has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the Government's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The Government has no investment policy that would further limit its investment choices, but has limited the investments to time deposits at local banks.

Concentration of credit risk. State statutes place no limit on the amount the Government may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The County has deposits at nine separate financial institutions.

3. **CASH, INVESTMENTS AND DEPOSITS WITH FINANCIAL INSTITUTIONS**
(Continued)

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the Government’s deposits may not be returned to it. State statutes require the Government’s deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated “peak periods” when required coverage is 50%. The County does not have any “peak periods” designated.

At December 31, 2021 the County’s carrying amount of deposits was \$34,500,220 and the bank balance was \$38,235,725. Of the bank balance, \$5,510,443 was covered by federal depository insurance and \$32,725,282 was covered by pledged securities totaling \$37,190,980 held in safekeeping in the trust departments of separate banks.

4. **DEFINED BENEFIT PENSION PLAN**

General Information about the Pension Plan

Plan description. The County participates in the Kansas Public Employees Retirement System (KPERs), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERs issues a publically available financial report that includes financial statements and required supplementary information. KPERs’ financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERs website at www.kpers.org or by writing to KPERs (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERs member-employee contribution rates. KPERs has multiple benefit structures and contribution rates depending on whether the employee is a KPERs 1, KPERs 2 or KPERs 3 member. KPERs 1 members are active and contributing members hired before July 1, 2009. KPERs 2 members were first employed in a covered position on or after July 1, 2009, and KPERs 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERs member-employee contribution rate at 6% of covered salary for KPERs 1, KPERs 2 and KPERs 3 members. Member contributions are withheld by their employer and paid to KPERs according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERs 1 and KPERs 2 and KPERs 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1.0% contribution rate for Death and Disability Program) and the statutory contribution rate was 8.87% for the year ended December 31, 2021. Contributions to the pension plan from the County were \$980,503 for the year ended December 31, 2021.

4. DEFINED BENEFIT PENSION PLAN (Continued)

Net Pension Liability

At December 31, 2021, the County's proportionate share of the collective net pension liability reported by KPERS was \$6,849,379. The total net pension liability as of June 30, 2021 was \$7,799,450,285. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2020, which was rolled forward to June 30, 2021. The County's proportion of the net pension liability was based on the ratio of the County's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

5. SPECIAL TERMINATION BENEFITS

The County has adopted an early retirement program for eligible employees. The program was offered on a voluntary basis. As compensation for accepting early retirement, the County will pay the cost maintaining the employee's current level of health insurance until the employee reaches the age of 65. The County intends to fund these benefits on a pay-as-go basis. The total amount of benefits paid during the year was approximately \$159,223. The estimated liability for those employees electing to participate in the program at December 31, 2021 is \$500,019.

6. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees' health and life; and natural disasters. The City manages these risks of loss through various insurance policies. There have been no significant reductions in insurance coverage. Settlements have not exceeded insurance coverage for the current or three prior years.

Internal Service Fund – Risk Management

Resolution 97-102 approved by the Board of County Commissioners authorized the creation of a Risk Management Fund to implement a self-funded health insurance program with Blue Cross/Blue Shield of Kansas pursuant to K.S.A. 12-105b(f).

This resolution provides for the following:

1. The County Clerk and County Treasurer are authorized and directed to set aside an amount sufficient to pay all health insurance claims for the County for a given month in the County Risk Management Fund Account, solely for the purpose of paying health insurance claims. Such claims shall be submitted to the administrative officer of Crawford County's health insurance plan as required by K.S.A. 12-105b(f).

6. **RISK MANAGEMENT** (Continued)
Internal Service Fund – Risk Management (Continued)

2. The County Treasurer is hereby authorized and directed to deposit from time to time into said County Risk Management Fund Account warrants or warrant checks issued from various accounts of the County to the County Risk Management Fund Account for the sole purpose of paying the County's health insurance claims for each month. The County Treasurer shall comply fully with the provisions of K.S.A. 10-805.
3. The County Clerk shall authorize payment from the County Risk Management Fund Account by a County Clerk's Order. Such Warrants or Warrant checks shall be signed by the County Treasurer and countersigned by the County Clerk and the Chairman of the Board of County Commissioners.

The agreement with Blue Cross/Blue Shield (the "Company) provides for a self insured medical program with a combined individual and aggregate stop-loss provision.

The Company accepts the full responsibility for the Benefits and administrative expenses which are in excess of the Combined Individual and Aggregate Stop-Loss Provision for the remainder of the that Contract Year. The Company has no liability under this Contract until the Contract Holder's liability has been terminated by the Combined Individual and Aggregate Stop Loss Provision.

Combined Individual and Aggregate Stop-Loss Provision mean:

1. Individual insured: The paid Claims Expense for Benefits in excess of \$50,000 for an insured in a contract year and the Administrative Fee of the Contract Holder's Administrative Services Agreement associated with the Incurred Claims Expense in excess of the stated dollar amount.
2. Aggregate: The paid claims expense in excess of 120% of the expected paid claims expense and the administrative fee of the contract holder's administrative services agreement associated with the paid claims expense in excess of the stated percent.

7. **CONTINGENCIES**

Grants are subject to additional audits by regulatory agents, the purpose of which is to ensure compliance with the specific conditions of the grants. Any liability for reimbursement which may arise as a result of the audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material and would not be payable by the County.

8. **LITIGATION**

The County is party to various legal proceedings which normally occur in governmental operations. While the outcome of such proceedings cannot be predicted, due to insurance maintained by the County, the County feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the County.

9. MUNICIPAL SOLID WASTE LANDFILL CLOSURE AND POST CLOSURE COSTS

In March 1993 the Crawford County, Kansas (the "County") entered into a contract with Deffenbaugh Industries, Inc. (the "Company") to operate the Municipal Solid Waste Landfill (the "Landfill") owned and previously operated by the County.

In October 1993 a second landfill operating agreement was signed with the Company allowing them to continue operating the Landfill until July 9, 1994 after which time the Company's landfill (the "Company landfill") would begin operating and the County's landfill would be closed.

The Company has agreed to be responsible for any and all closure and post-closure monitoring costs of the County's landfill.

On August 1, 1996 USA Waste Services of Kansas, Inc. agreed to honor this contract with the subsequent agreement to assume operations from Deffenbaugh Industries, Inc.

10. INTERFUND TRANSFERS

Transfers during the year and the related statutory authority were as follows:

<u>From-Fund</u>	<u>To-Fund</u>	<u>Statutory Authority</u>	<u>Amount</u>
General	Operating Reserve	12-1, 117	\$ 125,000.00
Fire District #1	Fire District #1 Reserve	12-1,117	12,000.00

12. SUBSEQUENT EVENTS

Management has evaluated events and transactions occurring subsequent to December 31, 2021 through July 22, 2022, the date of the financial statements were available for issue. During this period, there were no subsequent events requiring recognition in the financial statements or disclosure in the notes to the financial statements.

13. LONG-TERM OBLIGATIONS

Additional details about the County's long-term obligations, changes in long term debt, and current maturities for the next five years and thereafter are recorded on the following three pages:

Notes to the Schedule of Expenditures of Federal Awards

(1) Receipts and expenditures in this schedule are recorded using the regulatory basis of accounting, which is the same method of accounting used in the basic financial statements. Receipts are recorded when the cash is received and not when earned. Expenditures are recorded when the cash is paid and includes payables as well as encumbrances, i.e. executed but unperformed contracts.

(2) The County did not use the 10% de minimis cost rate. Instead indirect cost rates as specified in the grant agreements with the grantors was used.

(3) COVID related grants

Clusters of Funds: (a) CCDF Cluster; (b) Highway Safety Cluster

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of County Commissioners
Crawford County Courthouse
Girard, Kansas 66743

Report on Compliance for Each Major Federal Program

We have audited Crawford County, Kansas' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Crawford County, Kansas' major federal programs for the year ended December 31, 2021. Crawford County, Kansas' major federal programs are identified in the Summary of Auditor's Results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditors' Responsibilities

Our responsibility is to express an opinion on compliance for each of County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Crawford County, Kansas' compliance.

Opinion on Each Major Federal Program

In our opinion, the Crawford County, Kansas, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021.

Report on Internal Control Over Compliance

Management of Crawford County, Kansas is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of County Commissioners
Crawford County Courthouse
Girard, Kansas 66743

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States the financial statement of the Crawford County, Kansas, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise Crawford County, Kansas' basic financial statement, and have issued our report thereon dated July 22, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered Crawford County, Kansas' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of Crawford County, Kansas' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis. *A significant deficiency*, is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Crawford County, Kansas' financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
