

“NO-RISE” CERTIFICATION

This is to certify that I am a duly qualified registered professional engineer licensed to practice in the State of \_\_\_\_\_.

It is further to certify that the attached technical data supports the fact that proposed \_\_\_\_\_(name of development) will not impact the 100 year flood elevations, floodway elevations, or floodway widths on \_\_\_\_\_(name of stream) at published sections in the Flood Insurance Study for \_\_\_\_\_(name of the Community) dated \_\_\_\_\_(Study Date) and will not impact the 100 year flood elevations, floodway elevations, or floodway widths at unpublished cross-sections in the vicinity of the proposed development.

Attached are the following documents that support my findings:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Date: \_\_\_\_\_

Signature: \_\_\_\_\_

Title: \_\_\_\_\_

-----  
The certification must be supported by technical data. Which should be based on the same computer model used to develop the floodway shown on the community’s map.

The community is required to review and approve the encroachment review, technical assistance and review from FEMA Regional Office or state NFIP Coordinator may be used.
